Please find below and/or attached an Office communication concerning this application or proceeding.

Notice of Non-Responsive Amendment

The reply filed on 12/17/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has not provided any substantive arguments as to how the claimed invention distinguishes over Sloane aside from a statement that Sloane does not teach or suggest a mere recitation of claim 1. This is not considered to be a complete response to the previous office action. A general allegation that the claims define a patentable invention without specifically pointing out how the language of the claims patentably distinguishes them from the references is not considered to be fully responsive. Applicant has failed to specifically point out how the language of the claims patentably distinguishes them from the references. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
